

AxieCoreMiners Forge Manual and Metadata V1.0

V1 AXIES NFT– 2025

This document details the crafting recipes for Axie CoreMiners and the metadata structure for each resulting NFT.

1. Forge Recipe Structure

Each recipe is presented with a detailed structure to offer clarity and strategic depth to the player.

A. Identification and Recipe Access

- **Recipe Name:** Thematic identifier.
- **Class / Tier:** Recipe classification (E.g., Basic, Advanced, Event, Mythic).
- **Burn Ticket Requirement:** Necessary ticket level, if applicable.
- **Availability:** Usage (unlimited, globally limited, etc.).

B. Crafting Attributes and Probability

- **Ingredients:** The components necessary for forging.
- **Result in Case of Failure:** What the player receives if the process fails.
- **Success Probability:** The percentage probability of success in the forge.
- **Critical Creation Probability:** A small chance to forge a superior version of the miner.

C. Potential Result Attributes

- **Possible Results:** 1 egg, 7 different CoreMiners to collect.
- **Bonus (Collection Attribute):** Extra statistics the miner could obtain.

2. CoreMiner NFT Metadata Structure

Each forged CoreMiner will possess the following detailed metadata.

A. Origin and Identity Attributes (Static)

- **Miner ID:** Unique token identifier.
- **Creator Name (Prospector):** Address or RNS of the player who forged it.
- **Forge Date:** Exact timestamp of its creation.
- **Origin Recipe:** The name or ID of the recipe used.
- **Sacrificed Axies (Miner Soul):** IDs of the Axies that were burned for its creation.

- **Lineage / Generation:** Gen 0 (created from Axes) or Gen 1+ (created from other Axie CoreMiners).
- **Recipe Serial Number:** The sequential forge number for that specific recipe.

B. Dynamic and State Attributes (Variable)

- **Miner Level and Experience (XP).**
- **Mining Cycles Completed.**
- **Repairs Performed.**
- **Upgrades Applied:** Log of installed upgrades.
- **Current Status:** Mining, Under Repair, Inactive, On Loan.

C. Performance and Ability Attributes (Functional)

- **POWER:** Base Mining Rate.
- **Rate Modifiers:** List of active bonuses.
- **Set Synergies:** Bonus for combination with other miners.

D. Technical Attributes (AXS Standard)

- **Protocol_version:** Manual version applied (e.g., "1.1-AXS Standard").
- **Base_value_usd:** Minimum creation value in USD at the time of forging (e.g., 50.00).
- **Forge_currency:** Balance token used (e.g., "AXS").
- **Oracle_price_axs:** AXS price dictated by the oracle at the time of forging.
- **Mementos_burned:** Amount of mementos sacrificed.
- **Axie_heritage:** IDs of the Axie souls used (e.g., [1234, 5678]).
- **Evolution_tier:** Evolution level of the ingredients (e.g., "2-Parts Evo").

E. Cosmetic and Collection Attributes (Aesthetic)

- **Appearance / Skin:** The base 3D/2D model.
- **Visual Effects (VFX):** Special auras or glows that can be earned or are part of rare recipes.
- **"Pure" / "Hybrid" Attribute:** Indicates if it was created with Axes of a single class or multiple.
- **Intrinsic Rarity:** Global classification (Common, Uncommon, Rare, Epic, Legendary, Mythic).

3. The Forge Catalog (Recipes)

Each CoreMiner has a Minimum Base Price in USD. The ingredients (Axies and Mementos) have a fixed nominal value within the recipe calculation, and AXS acts as the balancing component.

A. PETIT (Basic)

- Target Base Price: \$10 USD
- Ingredients:
 - 1 Axie (Nominal Value: \$1.5 USD - 15% of total)
 - 100 Mementos (Nominal Value: \$2 USD - 20% of total)
 - AXS: Equivalent to \$6.5 USD (Oracle adjusted)

B. HIGH (Uncommon)

- Target Base Price: \$15 USD
- Ingredients:
 - 2 Axies (Nominal Value: \$3 USD - 20% of total)
 - 200 Mementos (Nominal Value: \$4 USD - 26.6% of total)
 - AXS: Equivalent to \$8 USD (Oracle adjusted)

C. ANIMAL (Rare)

- Target Base Price: \$20 USD
- Ingredients:
 - 2 Axies with 1 evolved part (Nominal Value: \$4 USD - 20% of total)
 - 300 Mementos (Nominal Value: \$6 USD - 30% of total)
 - AXS: Equivalent to \$10 USD (Oracle adjusted)

D. ULTRAMECH (Advanced)

- Target Base Price: \$30 USD
- Ingredients:
 - 2 Axies with 1 evolved part (Nominal Value: \$4 USD - 13.3% of total)
 - 300 Mementos (Nominal Value: \$6 USD - 20% of total)
 - AXS: Equivalent to \$20 USD (Oracle adjusted)

E. TANK (Legendary)

- Target Base Price: \$50 USD
- Ingredients:
 - 2 Axies with 2 evolved parts (Nominal Value: \$6 USD - 12% of total)
 - 500 Mementos (Nominal Value: \$10 USD - 20% of total)
 - AXS: Equivalent to \$34 USD (Oracle adjusted)
